RWTH Aachen University is proud to offer a scholarship to support your Master's Studies at TGGS. The second year of the program is to be spent as a research stay at RWTH Aachen University. The scholarship is financed by the German Academic Exchange Service (DAAD) and the German Federal Foreign Office. TGGS was founded as a joint project between DAAD, RWTH Aachen and King Mongkut's University of Technology North Bangkok (KMUTNB).

### **Objective**

To successfully complete a 2-year international Thai-German Master's Program in Engineering (8 different programs available) starting August 2020.

### **Target group and selection process**

Students from South-East Asian countries (not including Thailand) with a Bachelor's Degree in Engineering, an excellent academic record and good English skills. The selection process is highly competitive and will include interviews on June 11/12 2020.

### **Scholarship Value**

The scholarships are granted for the first academic year beginning August 2020. An extension to the second year will be granted according to your performance during the first year. The scholarship covers the tuition fees (partly funded by KMUTNB) and includes a monthly rate of 437 Euros towards your costs of living.
